Gowan's Pneumonia Cure

PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Annals of Crime.

One man was killed and two others were probably mortally wounded last night in the Syrian quarter of New York city, marking another tragic chapter in the feud which has been raging between the adherents of different religious faiths among the Syrians in New York. The man killed, John Stefan, was a brother of Stefan, the Syrian Roman Catholic prelate, now visiting in Pittsburg. Stefan was shot to death in a Syrian restaurant, where he was dining with a party of friends. Two cousins, Elias Zarik and George Zarik, residents of Brooklyn, entered the place, drew revolvers, and began to fire. Stefan fell from his chair after the first volley, a bullet through his right shoulder and another in the right side of the head. He died almost instantly. Another of the diners, Raphael Sholisch, was shot in the back and mortally wounded. In the melee that followed the firing of the first shot George Zarik, the police say, accidentally sent a bullet into his cousin's chest, the ball lodging over the heart. He is in a hospital in a critical condition.

News has been received in Mobile from Seminary, Miss., saying that Sheriff J. A. Robertson, of Covington county, was assassinated last night by Tom Fifer and Will Robinson, negro desperadoes whom the sheriff was attempting to arrest. Fifer was captured and carried to the woods by enraged citizens. It is believed his doom is sealed. More than 2,000 determined men are in pursuit of Robinson, and it is more than likely that a double lynching will be recorded. Sheriff Robertson was shot in the mouth at close range. The officer expired immediately.

Andrew J. Abel, who has been in jail in Pittsburg, Pa., pending an investigation as to the cause of his wife's death, which occurred at their home, on January 8, was yesterday charged with her murder by the coroner's jury. Mrs. Abel was stabbed to death, according to a post mortem examination, and her body saturated with oil and then burned.

In midst of a throng of pedestrians at Market and Kearney streets in San Francisco last night, William Walbridge shot and killed his wife, Mabel, shot two bystanders and killed himself. Jealously prompted the acts. He had been separated from his wife.

Adolph Fourte, a Frenchman, who was employed as a mechanician and chauffeur by W. Gould Brokaw, of Great Neck, L. I., went to New Rochelle, N. Y., last night and shot and killed his wife in her apartments there and then killed himself. What immediately preceded the shooting is not known.

Ned Cordell, a business man of Hanaker, Va., was shot and killed Tuesday by Meredith Cypus. The men had quarreled, but had settled their difficulties, and Cypus asked Cordell to ride in front of him on his horse to Cordell's home. On the way the men again quarreled, and Cypus shot Cordell in the back, throwing the corpse from the horse. Cypus escaped to the mountains.

Saved Child's Life.

With the wind blowing a gale and the sea running high, an operation which saved the life of a baby was performed Monday on the North German Lloyd steamship Koenigin Louise which arrived at New York yesterday. The three-year old child, apparently dead, was brought to the ship's surgeon by the frantic father. Schmierko Tebel was coming to America from Kpaerenoflew, a town near Odessa, where his store had been plundered by the revolutionists. Baruch Tebel, the child, while eating an orange, swallowed part of the peel, grew black in the face, and soon lay limp in the arms of the father. Tebel rushed to the cabin of the ship's surgeon, Dr. Ludwig Mendowsky, and pounded on the door. The doctor, with his assistant, Dr. Lieber, examined the baby, but felt no pulse, no heart beat and no breathing. They told the father that the child was dead, but Tebel pleaded to the doctors so they agreed to try to rescue the little fellow. No anaesthetic was administered. The child was laid on the operating table and a hole cut in the windpipe, where the orange peel had closed the air passage. The peel removed, vigorous artificial respiration began. For 10 minutes there was no response, but a slight flutter of one of the eyelids encouraged them, and soon the child was brought back to life. A silver tube was placed in in its windpipe.

The New Cough Syrup—the one that acts as a mild cathartic on the bowels—is Kennedy's Laxative Honey and Tar. It expels all cold from the system, cuts the phlegm out of the throat, strengthens the mucous membranes of the bronchial tubes, and relieves croup, whooping cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street.

Mrs. Yerkes Marries.

Mrs. Charles T. Yerkes, widow of the traction man who died in December, was married on Monday night to Wilson Mizner, of San Francisco, a promoter and member of a well-known California family. The ceremony was performed at the Yerkes house, 864 Fifth avenue, in New York, by the Rev. Andrew Gillies, pastor of St. Andrew's Methodist Episcopal Church. It was reported shortly after the death of Charles T. Yerkes that his widow was to marry Mr. Mizner "on the first of the year." The wedding was set for that time, but postponed. Wilson Mizner is twenty-nine years old. Mrs. Yerkes is fifty years old, but is well preserved and retains most of the beauty which distinguished her youth.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING. FEB. 1, 1906

AS STATED in the Gazette of that day, Senator Patterson of Colorado came into the open arena yesterday in the Senate and made a speech in favor of the administration's policy in relation to Santo Domingo and Morocco. Up to that time it had not been possible to state positively what, if any, democrat would vote to uphold the administration in these matters. It has been charged that there were four or five "White House democrats," and within the democratic ranks there has been much curiosity to know who among their number would make up this coterie in support of administration policies, but yesterday Mr. Patterson settled that question so far as he is concerned. Before he closed his remarks most of the democrats who had been in the Senate while he was speaking, retired as a rebuke. When he finished there were only four or five democrats on the floor. Nor were there many republicans present at the time of the speech, for the republicans, though they benefit by democratic desertions, have but little respect for the deserters. Senator Patterson should remember Senator Cockrell's fate. The latter was a White House democrat, but he is not a Senator now. Senator Patterson is the last remnant of the populistic party in the Senate. He was once a republican, but from 1876 to 1892 he was a democrat. In 1892 he bolted Cleveland and voted for General Weaver. Then he became a populist, and in 1900 was permanent chairman of the populist convention. He owes his seat in the Senate to a combination by the democrats, free-silver republicans and the populists of the Colorado legislature. His term expires in 1907.

GOV. A. J. MONTAGUE after four years of faithful and efficient service, today retires as chief executive of Virginia and returns to private life—but it is predicted only for the present—for few believe that his political career is at an end. During his term of office he met boldly every issue presented to him and fully measured up to every requirement of his lofty position. He retires holding the esteem of the thousands of friends he has made since he first entered into public life and with the respect of all—even those who differed with him on political grounds—for it can be said that he has no enemy in Virginia who would do him a wrong or an injury. Bold, upright and honest, he performed his duties faithfully and well, and no taint of corruption or graft ever for an instant attached itself to his administration. He will go down in history as one of Virginia's ablest and most accomplished chief magistrates and his hosts of friends wish for him as brilliant a future as has been his past. Virginia needs such men.

A SYNOPSIS of Governor Swanson's inaugural address appears elsewhere in today's Gazette. It is a strong paper and abounds in practical recommendations concerning matters of interest to each and every citizen. Fortunately no serious issues are now confronting the General Assembly, and the work before that body is mostly in the nature of improving present conditions or meeting those incident to the gradual transitions apparent in the Commonwealth, and which are always in evidence. The Governor makes some good suggestions, recapitulates many things which occupied his attention while canvassing the State last year, and which it is his wish to see crystalize into laws.

HON. CLAUDE A. SWANSON today reached the goal of his ambition when he was inaugurated Governor of Virginia for a term of four years. Mr. Swanson is a man of natural ability and has the interest of his State deeply at heart. He has served for thirteen years in Congress, representing the Fifth district efficiently and well, and the knowledge he gained there of men and affairs will aid him materially in the conduct of his new duties as chief executive of his State. He begins his term under the most favorable auspices and all who know him predict that he will make a wise and conservative Governor.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Feb. 1.

Secretary Taft today announced that, upon his recommendation, the President had selected Brigadier General J. Franklin Bell, one of the youngest general officers in the United States army, to succeed Lieut. Gen. Bates as chief of staff when the latter retires April 14. Gen. Bell will not be made a lieutenant general, but will probably be promoted to the rank of major general. It is also officially announced that Gen. Henry C. Corbin will be given the rank of lieutenant general, when Gen. Bates retires. Secretary Taft said that the President had directed that Brig. Gen. A. W. Greeley, chief signal officer of the army, be promoted to major general in the line of the army today to succeed Gen. Bates, appointed lieutenant general today to fill the vacancy created by the retirement today of Gen. Chaffee. Col. James Allen of the signal corps is made chief signal officer of the army with the rank of brigadier general. The selection of Gen. Bell to be chief of staff came as a complete surprise to the army. At the outbreak of the Spanish War Gen. Bell was a captain of cavalry, but shortly afterwards become a major. It had been generally supposed in army circles that Gen. Arthur MacArthur, the senior major general of the army would be selected for the position of chief of staff to succeed Gen. Bates.

Secretary of the Navy Bonaparte today approved a recommendation made by Superintendent Sands of the Naval Academy, for the pardon of Midshipman John Paul Milller, of Kentucky, first class, recently convicted by court martial of countenancing hazing. The recommendation has been forwarded to the President.

The Comptroller of the Currency today issued a call for reports on the condition of National Banks at the close of business on Monday, January 29.

Col. John S. Mosby, of Confederate fame, called at the White House this morning to hand the President a letter which General Joseph Wheeler wrote a week before his death recommending an Alabama man for office. The President was considerably touched by this message from the grave and promised to do what he could for General Wheeler's friend. While at the White House Col. Mosby was asked why he did not try to get his young grandson into the Military Academy. "Because I do not want him to shoot anybody," replied the old warrior. "If he went to either one of these schools and was hazed he'd surely shoot the fellows that tried to do it. As everybody seems to be hazed when they get there, I don't want my grandson to go."

The Harriman system, involving the Southern Pacific and its tributaries, may soon be under congressional fire just as the Pennsylvania system is now, although the movement can scarcely be said to have passed the tentative stage.

The House committee on the District of Columbia today, by a vote of 10 to 3, decided to report to the House, without recommendation, the bill by Representative Adams, of Pennsylvania, providing for a whipping post for wife beaters in the District of Columbia. The bill will be given a place on the calendar, and Mr. Adams will endeavor to secure its consideration by the House.

It has just become public that "Town Topics," the New York periodical with which Col. W. D. Mann and Judge Deuel are connected, was subjected to a rigid investigation by the Postoffice Department, with a view of excluding it from the mails, shortly after it printed a scurrilous paragraph about Miss Alice Roosevelt about a year ago. So carefully worded was the offensive paragraph, however, that no order was issued against the publication.

The unofficial claim is advanced by democratic leaders of the Senate that the Santo Domingo treaty cannot be ratified. They saw that the defense of the administration's foreign policy made in the Senate yesterday, by Senator Patterson, and the latter's vigorous advocacy of the treaty, has been the means of bringing within the party fold half a dozen democratic Senators who were inclined to stray toward the administration's floor. It is generally admitted that the six democratic votes must be secured to get the requisite two thirds necessary for ratification.

The President sent the following nominations to the Senate today: To be postmasters in Virginia—Charles H. Revercomb, Covington; John M. Griffin, Fredericksburg; Charles P. Smith, Martinsville; William T. Miller, Shenandoah; Edwin M. C. Quimby, Suffolk.

The number of pensioners on the role on December 31 last was 993,067, of which 676,602 are civil war pensioners.

Fifty-ninth Congress.

Washington, Feb. 1.

SENATE.

The Senate referred to the committee on foreign relations the Tillman resolution calling upon the President to send to the Senate all official communications from United States representatives at Santo Domingo, during the year 1904.

Mr. Spooner announced that many papers of a confidential character bearing upon the Santo Domingo treaty were sent to the committee by the President yesterday.

The Senate passed a bill providing for the election of a delegate to Congress from Alaska.

HOUSE.

The House today considered the Sims resolution directing the director of census to send to the House the ginners' estimates of cotton unginned on January 16.

Mr. Crumpacker, who reported the resolution, said that Mr. North, director of the census, had informed the committee that he had made a mistake in collecting this information. There is a controversy between the cotton growers and the buyers over the amount of cotton yet to be ginned.

Mr. Adams declared that the resolution was solely in the interest of the cotton speculators.

Mr. Payne declared that he was heartly tired of forcing information to help either the bulls or bears. He said that the House should not be used to promote speculation.

The resolution was adopted.

A surprising turn of events in the election contest of Coudrey versus Wood, from the 12th (St Louis, Mo.) district, was taken in the House today, when Mr. Olmstead, chairman of the committee which has been considering the case, submitted a partial report, announcing that the contestee has submitted motions for the suppression of the testimony of the contestant for the reason that, as forwarded to Washington, "it is not the testimony as given by the witnesses," and that it was materially altered by leaving out, adding to, and changing parts of it.

Affidavits were submitted in support of the contention and Representative Olmstead declared "that it is impossible to arrive at the truth of the matter," and submitted a resolution authorizing the committee on elections No. 2, to take such testimony as it shall deem necessary to the determination of the facts.

The resolution was adopted on the explanation of Mr. Olmstead.

Before considering the railroad rate bill, the House agreed to meet at eleven o'clock each day as long as the Hepburn measure is before it.

Mr. Knapp, republican, New York, the first speaker advocated the passage of the bill.

At Poltava, Russia, yesterday, a daring political crime was committed at the entrance to the administration building, when Provincial Councillor Filonoff was fired at five times and killed by an unknown assassin. Filonoff was held responsible by the terrorists for the ruthless severity with which the agrarian disorders in the province had been suppressed.

The possible arrest of Samuel Gompers, president of the American Federation of Labor, on the charge of contempt of court, is intimated in a communication received in Washington yesterday from President Wright of the Chicago Typographical Union. The contempt, it is said, was committed during a speech recently made in Chicago by Mr. Gompers while injunction proceedings were pending. The injunction suit of the local Typothetae was filed yesterday. The striking local printers have replied to the recent official statement of the Typothetae to the public.

The democratic Senators have decided to call a caucus for next Saturday morning. This is the result of the address made in the Senate yesterday by Senator Patterson, of Colorado, in which he vigorously defended the course of President Roosevelt in the Morocco question and also in Santo Domingo matters. Five democratic votes are needed if the treaty is to be ratified, and the democratic leaders gravely fear that others besides Mr. Patterson are leaning toward the support of the administration in its hour of need. The two Louisiana Senators are suspected, and Latimer, of South Carolina; Clark, of Arkansas, and McCreary, of Kentucky.

GOV. SWANSON'S INAUGURAL.

Richmond, Feb. 1.—Hon. Claude A. Swanson was today inducted into the gubernatorial office in the presence of a large concourse of people, among whom were representatives of all sections of the State. The ceremonies incident to the inauguration were simple and devoid of certain features which are ordinarily in evidence on such occasions.

The Governor in his address said, among other things:

"Today, in obedience to your mandate, I assume the important and responsible office of chief executive of this State. Your suffrages have confided to me for four years this high trust. I am deeply touched by the evidence of kindness and partiality displayed and profoundly sensible of the honor and confidence bestowed. My gratitude can and will be best evinced by dedicating myself absolutely to the service of Virginia and devoting all my energies of mind and body to the faithful and fearless discharge of the duties devolving upon this office. I am aware of the many difficulties confronting me and the patience and persistence required to overcome them. I realize the many disappointments which must arise from my exercise of the appointing power and the soreness which will follow. I perceive differences on public questions and policies will engender harsh and, frequently, false and unfair criticism. I am fully conscious that few are fortunate enough to meet expectations of high executive office, or leave with either the popularity or reputation with which they entered. But these considerations are neither discouraging nor depressing to me. My most positive purpose, my most earnest ambition, is to exercise patriotically and conscienciously this office in such a manner as to result in the betterment of Virginia. If the four years of my administration shall be marked by the moral, educational and material progress of my State, I shall be perfectly satisfied and feel that I have been fully compensated for a lifetime of earnest work and endeavor. I desire to express to the members of the General Assembly of Virginia my appreciation of their courtesy in extending to me an invitation to have these ceremonies in this hall and in their presence. I hope this is indicative of that cordiality and good will, that hearty co-operation, that harmony in patriotic purpose which should ever characterize the relations of the executive and the legislative departments of our government. * * * I shall endeavor to keep in close touch and accord with the other executive departments of the State and earnestly unite with these officials in giving Virginia an honest, economical and efficient administration of affairs. The time has come when Virginia should forget factional differences, cease partisan politics and devote all of her energies to the development of her resources, to the moral and educational elevation of her people, to internal improvement and progress. There is a Virginia of the past resplendent with the heroic achievements of a great and glorious people; there is a Virginia of the present crowned with possibilities that can surpass the splendors of the proud past and make all that has gone before in her history but the prelude to a greater destiny."

The Governor then went on to portray the possibilities of the future Old Dominion, referring to the resources of the State and its rapid development in recent years.

In referring to educational facilities the Governor said:

"Our constitution wisely sets apart and indicates a certain portion of our revenues to public education. In recent years the general assembly has generously added a special appropriation of $200,000 to this fund. Our revenues are now sufficient to justify us in increasing this special appropriation to the primary schools from $200,000 to $450,000, a portion of which should be used in providing high schools for the rural communities. I believe if this is done, we will see at once a marked and permament improvement. During the recent primaries and election we all pledged ourselves for better schools and high schools in the rural sections of our State. I, for one, am prepared to approve substantial appropriations for the fulfillment of this promise. No act of this general assembly would be more deserving of commendation, more promotive of public good, than the one extending generous aid to our primary schools and infusing into them new life and vigor.

The Governor subsequently reviewed number of issues of interest to every resident of the State. He said Virginia was no place for monopolies, referred to the regulation of rate traffic, said he wanted fair play for all, welcomed desirable immigrants but wanted the door shut on the undesirable, favored the creation of a department of banking and insurance, favored insurance regulation and the investment of surplus funds of insurance companies in Virginia, denounced reckless expenditures on the part of the State and favored the rule of systematic payments upon the State's bounded indebtedness, favored traveling libraries, additional aid to school teachers, favored the working of convicts upon roads, the enforcement of the pure food laws, favored the enlargement of the powers of the labor commissioner, additional aid for Confederate veterans, the preservation of their records, and aid to the Jamestown Exposition. The Governor closed with an appeal to all Virginians to vie in the upbuilding of the State with a trust in divine providence.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE LEGISLATURE.

SENATE.

The Senate yesterday passed the Machen bill to cut off the flow of bills, so as to give an opportunity to dispose of those already under consideration. Mr. Machen made a speech in favor of his bill and declared that it would take every minute of the time from now until the close of the session to dispose of the important measures already introduced. The bill carried by a vote of 19 to 8, and no bills will be introduced after February 25, unless they come through a committee.

The Senate yesterday passed a number of bills, among them the one providing for the care of the graves of Confederate soldiers.

At 1:15 Senator Sadler made another fight for an executive session to consider the case of E. H. Clowes. He declared that in justice to Governor Montague they should meet the question fairly and dispose of the case. After two hours' session the Senate appointed a committee of three to carry out a resolution adopted in connection with Mr. Clowes' nomination, as follows:

Resolved, That a committee of three members of the Senate be appointed to investigate in executive session the fitness of E. M. Clowes as a member of the board of directors of the Eastern State Hospital, and said committee shall hear evidence on the 6th day of February, 1906, in the Capitol, and shall report at the earliest moment to the Senate in executive session the result of its inquiry and the evidence taken before the committee.

Senator Mann, who was in the chair, in open session named Senators Thomas, Echols and Tavenner as the committee. In legislative circles this is regarded as practically an end of the case.

The school superintendents of Portsmouth and Alexandria were not taken up, Clowes' case being the only one considered.

Bills were introduced:

To validate acknowledgment taken by mayors and members of councils who are ex-officio justices of the peace.

To amend the code in relation to condemnation of land for cemeteries.

To amend the code in relation to capital stock of non-resident life insurance companies.

To define and limiting the business of certain insurance companies and requiring plate-glass companies to have at least $10,000 capital.

To require insurance companies to publish annual statements between Jan. 1 and Feb. 1; to prohibit the licensing of such company in case of failure to comply and if the condition of such company is not equal to that of the preceding year.

The Senate passed by a vote of 31 to 1 the bill appropriating certain sums from the public treasury in aid of Confederate memorial associations.

The bill passed by the House of Delegates abolishing the offices of district school inspectors, which now costs the State $10,000 a year, will meet vigorous opposition in the Senate. A lively fight is in progress to prevent the abolishment.

The Senate committee on privileges and elections favorably reported the Holt-Saile bill, redistricting the State for members of Congress. The bill affects only the First and Second districts. There is as yet no opposition to the bill and it is generally believed that it will become a law.

The bill to prevent imprisonment or fine for debt or violation of contractual obligations, but at the same time protecting cities in their right to compel the payment of gas, water and electricity bills, was ordered to its engrossment.

HOUSE.

The House in the face of tremendous opposition from the crab factories, ordered the Rew bill making a closed season for crabs to its engrossment. When Mr. Byrd offered an amendment to fix a tax on crab-fishing nets it was immediately accepted.

The bill provides for a closed season from November 1 to April 1, during which time crabs may be only taken from the water by small fishers.

Bills were offered

To amend section 525 of the code relative to the collection of fees of commissioners of the revenue.

Requiring the clerks of the several counties and cities to make out a list of all delinquent lands purchased by the State since the year 1895 which have not been redeemed, and to deliver said lists to the treasurers; to require said clerks to report in whose name said lands stand charged, etc.

To amend section 847 of the code as to the receipts and expenditures of supervisors and the publication thereof.

To amend the code in relation to a special tax, so as to apply to tax on telephone companies.

To provide for the consolidation or annexation of cities.

By Mr. Caton: To amend and reenact "an act to provide for the election of justices of the peace and their jurisdiction in cities in which by the terms of their charter no provision is made for the election of justices of the peace," approved Jan. 2, 1904, so as to provide for the appointment of additional justices when necessary.

The Wharton anti compact insurance bill, designed to eliminate "wild cat" insurance in this State, was adversely acted upon in legislative committee late last night. Insurance people from all parts of the State have been in Richmond for many days lobbying against the measure.

Inauguration Ceremonies.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Feb. 1.—Governor Swanson and Lieutenant Governor Ellyson were installed in office at noon today before a brilliant audience which came from all over the State and which fairly jammed the floor and galleries of the House. The inauguration address of the new governor was ably constructed and delivered and often loudly applauded.

Great applause greeted the appearance of the new and old Governor (Montague), who walked down the centre aisle of the House of Delegates arm in arm.

Owing largely to a desire to hear the railroad rate discussion in Congress, all but two of the Virginia congressional delegates remained in Washington, Congressmen Flood and Glass only attending the inauguration.

This afternoon a brilliant reception is in progress at the Executive Mansion.

The legislature did nothing of interest after the joint session, the afternoon being given up to the reception at the mansion.

State Senator H. L. Garret, (republican), of Alleghany, died here at 7 o'clock this morning. Governor Swanson will order a special election to fill the vacancy in a few days.

Fires on Steamers.

San Francisco, Feb. 1.—The United States transport Meade, loaded with soldiers and supplies, and ready to sail for the Philippines, caught fire early this morning, causing loss of life and serious injury to a number of others. So far three bodies have been brought ashore and it is believed that there are others on the vessel. The fire was discovered in the forward hold of the Meade, which is lying at the foot of Folsom street. She had fully 1,000 troops on board and everything was in readiness to start on the voyage to Manila this morning. The flames spread rapidly and in a few minutes, the hold soon became a raging pit. Eight hundred barrels of lime were stored in the forward hold of the Meade. Adjacent were the compartments where the officers stored their personal effects. The stench and acrid fumes arising from the burning lime rendered all unconscious who attempted to enter the hold to conquer the flames. Soldiers, many in their night clothes, aroused to face death in the smoke and panic, rushed here and there, many leaping overboard in their excitement.

Late this morning Superintendent Putuam of the fire-boat flotilla came ashore and said that the flames were still far from being under control. The fire-boats Governor Markham and Governor Erwin were at the time pumping tons of water into the Meade which had settled more than four feet from the weight of the water already in her. The probability of an explosion was among the many other fears because stored in the Meade was a great quantity of ammunition consigned to Manila. The ammunition, however, was stored in compartment No. 6, next to the last one on the boat, while the fire began in hold No. 2 which is far forward. The fire, however, is eating its way backward, but it is believed that it will be checked before it reaches No. 4.

The Meade formerly was the American line steamer Berlin. She was acquired by the government immediately after the outbreak of the Spanish-American war.

London, Feb. 1.—A dispatch to Lloyd from Trebizonde, Asiatic Turkey, says that the Austrian Lloyd steamer Venus, caught fire in the harbor there and that both vessels and cargo were seriously damaged before the flames were extinguished. Of five sailors who were caught in the hold of the Venus, by the flames, three were burned to death, and two others were seriously burned.

At 4 o'clock this morning the fire was under control. The Meade was not seriously damaged and the loss is to the cargo, the extent of which is not known.

Russian Horrors

St. Petersburg, Feb. 1.—Advices which are beginning to reach the city and which are believed to paint recent occurrences in the Baltic provinces in their true colors, state that the atrocities which have been committed by the soldiers sent there to pacify the country are indescribable. Boys have been shot, it is stated, because their fathers escaped from the troops, and women and small children have been flogged mercilessly. Fifty men are executed daily. The entire population is terrorized, and the people are swearing vengeance for the outrages which have been perpetrated on innocent persons and the deaths of their friends and relatives without cause.

The Esthonians and Letts intend to send a deputation to Kaiser William to implore his protection against the Russians troops, and to call the attention of the civilized world to their condition. The proceedings in the Baltic provinces are said to amount to a daily succession of red Sundays.

Advices from Warsaw say that four Jews, members of a Jewish band, were executed today at the Warsaw citadel. Six other Jews are being held for execution.

Anti-semitic riots have occurred at the town of Wasylkoff in the government of Kieff. Peasants were the instigators of the riots and they attacked the shops and houses of Jews, destroying many of them. Many casualties are reported to have resulted.

Fire in Panama.

Panama, Feb. 1.—The second disastrous fire to visit this city within a month started here about 2:30 o'clock this morning, and before it was extinguished had caused a great deal of damage. The fire raged in the main street, and twenty eight buildings, including the Concordia Hotel which was occupied by many Americans and fifteen stores, were destroyed. The loss is estimated at $500,000, and is only partially covered by insurance.

Letter to W. M. Reardon,

Alexandria, Virginia.

Dear Sir: Why, do you think, can Devoe sell pure paint as low as others sell adulterated paint?

There are 30 or 40 or 50 different makes of paint, that rank, in a way, as "first-class;" they have their regions; one's region is large, another's is small; everyone is "first class" in its region.

Of these 30 or 40 or 50, one is best, another next, and so on down; but the prices are all the same or about the same—you can buy one for less than another though; a personal matter sometimes.

But how, do you think, can Devoe sell the best for no more than the rest? The answer is: it costs less to sell it; more to make, less to sell. Reputation helps sell it. Its 150 years helps sell it.

Go by the name. Yours truly,

Dismissed from Naval Academy.

Annapolis, Md., Feb. 1.—Tried and convicted by the general courtmartial on the charge of hazing fourth classmen, Midshipman Edwin Leroy Chapin, of Pasadena, Cal., was today dismissed from the Naval Academy and the naval service. Chapin was a member of the first class that will be graduated from the academy on Feb. 12. The order of dismissal signed by the Secretary of the Navy was received here this morning, and read to Chapin in the presence of a full brigade of midshipmen at dinner formation shortly after noon. Chapin makes the sixth midshipman dismissed so far, as the result of the present series of trials.

The court martial held a short session this morning and made up the final record and verdict in the cases of Richard T. De Saussure, of Charleston, S. C., third class, and William T. Boyd, jr., of Peoria, Ills., second class. The trials of both of these were completed yesterday.

The court then took a recess until after the examination of the midshipmen and the graduation ceremonies of the first class. It is expected that the court will be reconvened on February 13.

The Navy Department has accepted the resignation of Benjamin W. Tye, of Georgia, fourth class. Tye's resignation is not the result of the hazing system, but was due to deficiency in studies.

Note of Discord.

London, Feb. 1.—The first note of discord in the harmonious relations which have existed between Japan and Great Britain since the alliance between these great powers was formed has been struck by the reported incident in Tokio yesterday, when, M. Oyshi, leader of the Japanese progressive party, at a meeting of the budget committee of the Diet, interpellated General Travchi, the Minister of War, as to whether Japan would insist that England reform her army. The query and the reported answer of the War Minister that the Japanese government would do this at some future time, have greatly aroused the people of England. Englishmen have hitherto regarded Japan paternally and they are annoyed that Japan should criticise the English army, and resent the demand from their ally. The London newspapers have telegraphed queries to Tokio demanding to know if M. Oyshi was rightly quoted, and whether General Travchi declared that he intended to urge such reforms.

The Duke Divorce Suit.

Newark, N. J., Feb. 1.—Vice Chancellor Pitney made an order today fixing April 23 and 24 and May 2, and 3, as dates for the hearing of the divorce suit brought by James B. Duke, the millionaire tobacco man, against Lillian N. Duke. Application for the order was made by R. V. Lindabury, counsel for Mr. Duke. A request for an allowance for counsel fees, was made by Chauncey G. Parker and Samuel Kalisch, counsel for Mrs. Duke. The matter was laid over for future consideration.

Thirty Years' Imprisonment.

Newark, N. J., Feb. 1.—Frank Sano was sentenced to thirty years in State prison this morning for the murder of James Seme, February 23, 1905. The jury's verdict murder in the second degree was brought in at 7:20 last night, after five hours deliberation. Three of the jurors are said to have been opposed to capital punishment.

Boiled to Death.

Jersey City, N. J., Feb. 1.—Joseph Cooper, of No. 14 Lexington street, Newark, was literally boiled to death in steam as the result of the bursting of a steam pipe at the Newark Metallic Company's plant this morning. John Doger, a fellow employe, sustained probably fatal burns while attempting to rescue Cooper.

New York Stock Market.

New York, Feb. 1.—The stock market after a strong opening and demonstrating strength in the early trading, in which gains ranging from ¼ to 1½ per cent. were made reacted under traders selling and some realizing sales. Then again it became decidedly strong and at the end of the first hour prices in nearly all the issues traded in made a sharp upward movement, recovering the losses and in many cases selling at the highest prices reached since Tuesday. In the last few minutes rallies and reactions within a limited range have been frequent and the trading has been mixed.

Steamer to be Rebuilt.

Plans have been completed in Baltimore for the rebuilding of the Samuel J. Pentz, which for many years ran on the Potomac, but which was consigned to the marine grave yard about a year ago. Captain Randall is now considering the plan to rebuild the vessel. It is quite likely that one of the Baltimore yards will get the contract, specifications for which are being arranged. The Samuel J. Pentz was formerly the steamer Long Island and was built in New York in 1859 for a day boat on the Hudson river, and was then the queen of the fleet on that river. She was considered then to be the acme of steamboat construction and when the civil war broke out was bought by the United States Quartermaster's Department and used as a transport on southern waters. She was captured by the Confederates and burned. Raised by the government and rebuilt she was sold at auction at Norfolk after the war to the Maryland Steamboat Company and named after the president of that company. She at one time ran on the mail route between Washington, Alexandria and Aquia creek, but during recent years had carried excursionists from Washington and Alexandria to River View.

Hunter's Trial.

Chief of Police Boush, of Norfolk, announced yesterday that the case of J. P. Hunter, the former Washington theatrical man, now in jail in Norfolk, upon whom the charge of having married a second time in that city, when he had a living wife and child in Alexandria, will not be called for a preliminary hearing until February 5. This postponement has been made so that Rev. J. A. Jeffers, of Alexandria, who is to go there to testify to the fact that he married Hunter and the latter's first wife, Miss Langley, of this city, can, after testifying at the preliminary trial, go immediately before the February grand jury Monday and then testify before the petit jury on Tuesday of next week, for which date Commonwealth's Attorney Tillon has set the prisoner's trial. Mrs. Hunter No. 1 can go there from Alexandria to the trial, but will not be taken to Norfolk as a State's witness, because she, as the lawful wife of the prisoner, cannot testify against him. Mrs. Hunter No. 2, of Newport News, will, however, be there as a witness against the accused.

The Pruitt Trial.

William R. Pruitt, formerly of this city, now on trial in Criminal Court No. 1 in Washington, before Justice Wright and a jury for murder in the second degree, yesterday took the stand in his own defense. Pruitt declared that he had shot William H. Steele June 11 last in self-defense. He said that Steele had visited his house the morning of June 11 in a drunken condition and had tried to bring about a quarrel. Steele went away, but returned in the afternoon, the witness said, and broke violently into his home and attempted to assault him. The accused stated that Steele struck him several times on the head with a heavy instrument and knocked him to the floor. Pruitt had a gun, which he was accustomed to keep in the room. He got possession of the gun, which was grabbed by Steele. As the result of the struggle for the gun, Pruitt declared, it was discharged, the bullet piercing the stomach of Steele. The trial, it is thought, will be completed today.

The Dog Nuisance.

An item in this column a day or two ago called attention to the increased number of useless, vagrant and, probably, unlicensed dogs which are prowling about the city. A dog, supposed to have been mad, was killed in the western part of the city this week, and two children and one man have been bitten by vicious dogs during the past three or four days. There have doubtlessly been other cases, but they have not been reported. It is believed that many of the canines enter the city from adjoining places. It has been a long time since the dog cart was sent on its rounds, and this seems to have been the most effective way of curtailing the nuisance, as all curs not wearing medals were taken up and held several days for redemption. At a stated time animals having no owners were dispatched.

Member of Osceola Tribe.

John W. Cherry, of Norfolk, great incohonee of the Independent Order Red Men of America, who recently made President Roosevelt a member of that order at the White House, has decided to attach him to the oldest active tribe of the order in the country—Osceola, No. 1, of Alexandria, Va. The great incohonee is also having made a parchment certificate of membership on which will be engrossed the fact that he has made President Roosevelt a Red Man, with all the rights and privileges of the order, and commending him as such to the Red Men of the country. The parchment certificate will be in the shape of a folder attached to a handsome leather case, and will be for the pocket use of the President.

Fires.

There were two slight fires last night. Between 8 and 9 o'clock a fire was discovered in E. S. Leadbeater & Sons' stable in the square bounded by Lee, Union, King and Prince streets. An alarm was sounded and the flames were extinguished before any material damage resulted. The second alarm was sounded between 11 and 12 o'clock, and was caused by a fire in Mr. Stewart Simpson's stable, near the corner of Wilkes and Alfred streets. This was also subdued before any serious damage followed. Both fires, it is believed, were of incendiary origin.

Knocked from Tender.

Harvey McDonald, fireman on southbound passenger train No. 33 of the Southern Railway, was knocked from the tender of his engine by the tank at the water tower at Weyburn, a short distance this side of Charlottesville, about one o'clock this morning. Fortunately he escaped serious injury, although he was painfully hurt.

The May Hillman Company.

A good sized audience greeted the May Hillman Stock Company at the Opera House last night to witness the production of "The Little Duchess," a five-act London society drama. As could be expected, the drama was excellently presented and heartily enjoyed by those present. Miss May Hillman portrayed the role of Laura in a manner creditable to any actress. Miss Hillman's impersonations of the various characters assigned to her this week have indeed been clever and of an extraordinary high character, and have made an immense hit with the audiences. Her role last night started with a country girl with short, ragged dresses, and ended with a young duchess with magnificent costumes, and in each act no better interpretation of the difficult parts could have been given. Her characters have been most life-like, and her speaking that of an actress of the first rank. The other parts, as is usual with this company, were in capable hands and well rendered. The specialties were again of a pleasing nature, especially the illustrated songs and the "picture dance" of Miss Hillman. Tonight the company will present the comedy-drama, "The Circus Girl," a piece calculated to please anyone. New specialties and new songs will also be introduced. This company is the best of the season, and Alexandrians should not fail to see it.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Wesley Carter, colored, arrested by Officers Knight and Nicholson charged with promoting policy, was fined $50. Howard Wright, colored, arrested by the same officers charged with a like offense, was dismissed.

Andrew Whiting, colored, arrested by Officers Lyles and Jones charged with stealing a hammer from Thomas Chauncey, was sent to jail for 60 days.

Benjamin Wilson, colored, arrested by Officer Henderson charged with injuring the property of Margaret Nelson, was fined $2.50.

Lemuel Carter, colored, arrested by Officer Knight charged with vagrancy, was sent to jail for 30 days.

Confer on Freight Yards.

First Vice President Green and Third Vice President Rae, of the Pennsylvania Railroad, went to Washington yesterday to confer with representatives of southern roads that will share the new $5,000,000 terminal yards, adjoining this city, now in course of construction. Mr. Rae said arrangements had been made for the joint use of the new yards, which will provide for all trans-shipments now made at Alexandria, which will greatly facilitate the handling of traffic between the north and South. In addition to the Pennsylvania, the Baltimore and Ohio, the Atlantic Coast Line, the Richmond, Fredericksburg and Potomac, and the Seaboard Air Line systems were represented. All these roads will use the new terminal yards.

Funerals.

The funeral of the late James Breen took place from St. Mary's Church this morning, and was attended by many relatives, friends and acquaintances of the deceased. The services were conducted by Rev. Father Cutler, and the pallbearers were Messrs Jno. Harlow, P. F. Gorman, Jno. Bruffy, Geo. Harlow, Thos. Hoy, sr., and Edw Quinn.

The funeral of the late Benjamin H Cockrell, whose death occurred Tuesday at the home of his son-in-law, S. B. Stonnell, in Prince William county, took place from the union station today at 12:30 p. m. The interment was made in Bethel Cemetery. Rev. Mr. Stump conducted the services and the pallbearers were grandsons of the deceased.

The Twenty-second Parade.

At a meeting of the Washington's Birthday Celebration Association, held last night, chairmen of committees reported and preparations for the celebration were discussed. It was stated that Maj. William M. Smith, while in Richmond, would interview the officers of the military organizations there and urge them to participate in the parade. It was also announced that President Brockett would go to Baltimore today to see the officers of the Fifth Maryland Regiment for the same purpose. The chairman of the committee on industrial display reported that thirty business houses had promised to have floats in line.

Injunction.

Judge Nicol, of the Circuit Court, on petition of John P. Agnew & Co., of this city, in their suit against the Jackson-Phillips Brick Company for debt, yesterday granted an injunction restraining the sale of real estate, machinery, &c., belonging to the brick company and advertised to take place today at the company's yards in the county. He also appointed Sergeant R. H. Cox, of this city, receiver in this case. Messrs. Agnew & Co. were represented by Col. F. L. Smith and Messrs. J. R. and H. B. Caton, of this city.

Another Wholesale House.

It is understood that Messrs. F. Bendheim and Zora Hill will soon open a wholesale dry goods and notion establishment in this city. Alexandria has long been in need of such a house, and with these practical business men at its head success is assured. The gradual expansion of the trade of the other wholesale establishments in this city proves conclusively that business can be conducted here as successfully as anywhere else in the country.

It is understood that operations at the Mahoneyville distillery, near this city, will soon be resumed.

Death of Miss Kraft.

Miss Laura H. Kraft, aged 22 years, daughter of Mr. and Mrs. N. A. Kraft, of Del Ray, died suddenly at Kansas City, Mo., Tuesday morning, with typhoid fever. Miss Kraft was a member of the theatrical profession and was travelling this season with the Morning Glories Company. She was a general favorite with a large circle of friends and her death is a severe blow to the family. The interment will be in Glenwood cemetery, Washington, tomorrow, Friday, at 3 o'clock.

Will Lend Assistance.

Col. Hatfield, in command of the garrison at Fort Myer, has notified Major Sylvester, of the Washington police force, that he has caused to be detailed each day a sergeant from the fort to duty on the government reservation at the Virginia end of the Aqueduct bridge, with instructions to lend what assistance he can at all times to the police officers and deputy marshals stationed there and assist in arrests and identification of soldiers engaged in misconduct.

Disturbances in Church.

Violent scenes occurred in many Paris churches yesterday afternoon when Government commissioners appeared to take inventories of the church property pursuant to the provisions of the law providing for the separation of church and State. In many instances the commissioners were unable to accomplish their tasks, crowds of fervent Catholics filling the edifices, some protesting vigorously and others chanting Psalms. At the Church of St. Roch a marriage ceremony had just terminated when the Government officials arrived. The clergy, in full vestments, were surrounded by a large body of men, and Canon L. Clercq voiced a protest, but the commissioner proceeded to make an inventory amid hostile shouts from the congregation. Only with the greatest difficulty was he protected from violence. Eventually the commissioner was ejected and chased along the street. The police arrived later, some fighting followed and a number of arrests were made. Similar scenes were witnessed at the Church of the Madeline, Notre Dame de Plaisance, St. Augustine and other churches, but at the Cathedral of Notre Dame the inventory-taking passed off quietly, the commissioner carrying out his duties with the clergy's assistance.

Nothing will relieve indigestion that is not a thorough digestant. Kodol Dyspepsia Cure digests what you eat, and allows the stomach to rest—recuperate—grow strong again. Blackmailed Priest.

Isaac Hartman, justice of the peace in the village of Harvey, twenty miles from Chicago; Michael J. Maloney, an attorney, and Harry Nye, a private detective, were yesterday found guilty of blackmail and sentenced to indeterminate terms in the penitentiary. It was shown during the trial that the men had extorted $2,000 from Rev. Lawrence A. Erbard, a Roman Catholic priest, in charge of the Church of the Epiphany, in Chicago. Nye, carrying a warrant issued by Justice Hartman, called on the priest and threatened him with publicity in connection with serious charges unless he paid him $2,000. Rev. Erbard denounced the charges as utterly false, but, dreading the trouble that would follow a refusal, paid over the money. Later, when an effort was made to secure $1,000 additional from him, the priest mentioned the matter to some of his friends, and the arrest of the men followed.

Galveston's Sea Wall

makes life now as safe in that city as on the higher upland. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Startling But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia," W. D. WILCOX, Logan, New York. Sold by Gibson & Timberman and W. F. Creighton & Co.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. At druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure to ask for Mrs. Winslow's Soothing Syrup and take no other kind.

OFFICIAL.

ATTENTION IS CALLED to a portion of an ordinance in effect April 11, 1902, which reads as follows:

Section 2. Be it further ordained, that ashes and house waste as hereinbefore defined, and when unmixed with other matter, shall be removed from dwellings, stores, offices, hotels and churches at the expense of the City Council and under the direction of the Committee on Streets and the City Engineer; provided that owners or occupants of the premises shall put the ashes and house waste in tight, strong boxes, barrels or receptacles which can be handled by one man (the capacity of said boxes, barrels or receptacles not to exceed thirty (30) gallons each or the size of an ordinary flour barrel) and place the same in the most accessible place on the premises and not exceeding thirty (30) feet from the street or alley.

Attention is also called to a portion of an ordinance passed at the same time, which reads as follows:

Section 1. Be it ordained by the City Council of Alexandria, that it shall be unlawful for any person, firm or corporation to throw, deposit, scatter or leave, or cause to be thrown, deposited, scattered or left, any ashes, house waste, rubbish, litter, vegetable matter, garbage, paper or refuse of any kind, or any dead animal or putrescible matter of any sort, or to leave ash or house waste receptacles, boxes or barrel on any street, sidewalk, alley or parking in this city.

Section 2. Any person violating the provisions of this ordinance shall forfeit and pay a fine of not less than one or more than five dollars, which fine shall be collected as other fines are collected and paid into the City treasury.

Persons who have complied with the terms of these ordinances are entitled to satisfactory services as to the removal of ashes, &c. Failure on the part of the ash collectors to make proper and satisfactory collections should be reported promptly to the City Engineer by telephone or mail. Undoubtedly some complaints are well founded, but some are caused by failure on the part of citizens to comply with the terms of the above ordinances to which their attention has possibly not been called.

It is the desire of the City Engineer and Committee on Streets to give the best possible service with the comparatively small sum appropriated for this purpose, and co operation rather than criticism will do much towards producing good results.

E. S. LEADBEATER,
Chairman Committee on Streets.
